This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-18, drawn to an adhesive composition .

Claim 54 drawn to a use claim which cannot be considered it does not come within the acceptable class of claims allowed by the Patent Office.
